

## Let's Get Ready Philanthropic Investment Levels

There is a range of opportunities for both philanthropic investment and corporate sponsorship to support the high quality programming and near-peer coaching LGR provides to almost 14,000 students.

### Philanthropic Investment

#### Summa Cum Laude | \$25,000

- 95% of students recommend Let's Get Ready for other students. The community has grown exponentially because students believe in the mission too. Let's Get Ready will grow its program to serve 25,000 students by 2025. Supporting Let's Get Ready on this journey will remove individual and system-level barriers for many students in their postsecondary education pursuits.

#### Magna Cum Laude | \$15,000

- 13,812 students were served in FY20 after Let's Get Ready enrolled an additional 2,965 students seeking support during a challenging academic year. COVID-19 will have a long-term impact on college enrollment. Invest in Let's Get Ready's ability to move quickly and adapt to forthcoming student needs.

#### Cum Laude | \$10,000

- Let's Get Ready students are graduating from college at double the rate of their peers with similar identifiers, according to our first six-year graduation rate for the Success program. Graduating students will join a community of over 13,000 LGR alumni. Your investment will have exponential impact, empowering students and alumni to pursue their passions beyond college and contribute to many diverse communities.

#### Dean's List | \$5,000

- 90% of Success coaches share critical identifiers with students served by Let's Get Ready. Coaches are personally aware of the students' needs based on their own lived experiences. Your investment in Let's Get Ready's near-peer coaching model increases students' engagement on their college journey.

#### Honor Roll | \$2,500

- 97% of students reported that their coach provided valuable reminders and guidance during their admission process. Students application rates increase with additional college-related interactions. Your investment enables Transition coaches to deploy effective and differentiated mobile-based curriculum that addresses students' greatest information needs.

**Friend | \$1,000**

- 93% of Access students shared that college is the right choice postsecondary opportunity for them. Your investment will support an equity-driven and democratic approach to college access, cultivating **every student**, no matter their previous academic experience.
