

# LET'S GET READY

STUDENTS HELPING STUDENTS  
TO AND THROUGH COLLEGE

## PROGRAM PARTNERSHIPS

Since 1998, Let's Get Ready has built and refined our highly impactful program model. Building on our record of high college enrollment rates and college graduation rates that are double the rate of students from similar backgrounds, we aim to serve 25,000 students by 2025.

### WHY PARTNER WITH LET'S GET READY?

We meet your students where they are in the college journey, providing **CUSTOMIZED SUPPORT** from 11th grade through college graduation with flexible program entry points.

Our **YOUTH CENTERED** program model is built around near-peer mentoring and puts students first. Over half of our near-peer mentors are alumni of our program, and 90% are representative of the students we serve.

With a **LOW BARRIER TO ENTRY**, your students can join from any community, with any academic profile, and attend any college as long as they are from low income backgrounds and/or are first-generation-to-college.

With years of experience running rigorous **VIRTUAL PROGRAMMING**, we know how to reach students where they are by leveraging texting and digital platforms to drive engagement.

Our **COST EFFECTIVE** program model leverages data and technology allowing for fast-paced scaling without compromising quality and leveraging philanthropic dollars to keep costs low.

As a national non-profit, collaborative and **SUSTAINABLE PARTNERSHIPS WITH LOCAL ADVOCATES** are central to our theory of change. We communicate with transparency, provide rigorous data on your students' progress, and commit to continuous improvement.

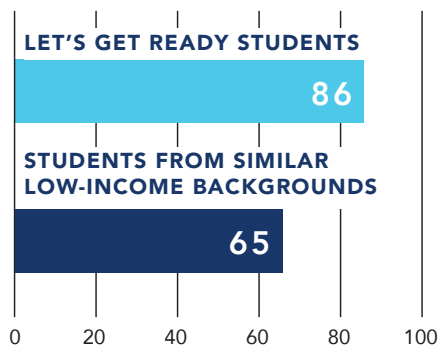

## THREE WAYS TO JOIN OUR MOVEMENT

- 1 PARTNER WITH US:** Through a mutual assessment and MOU process, we leverage our near-peer mentors according to the needs of your students and commit to serving them from the time of enrollment through to college graduation. Our enrollment team will support you through student onboarding, and we'll commit to sharing data on student progress.
- 2 REFER YOUR STUDENTS:** A limited number of open enrollment seats are available on a first come, first served basis for high school juniors, seniors and rising 1st year college students.
- 3 SPREAD THE WORD:** We love to hire great college students. All of our positions are paid and involve an application, interview, work sample and background check process.

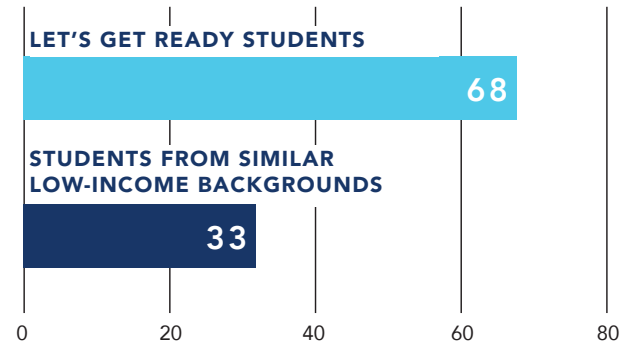

Send your amazing students to apply at <https://letsgetready.org/college-students/>

## MEASURING OUR SUCCESS

LET'S GET READY STUDENTS ENROLL IN COLLEGE AT SIGNIFICANTLY HIGHER RATES THAN PEERS FROM SIMILAR BACKGROUNDS

LET'S GET READY COLLEGE STUDENTS GRADUATE AT **DOUBLE THE RATE** OF STUDENTS FROM SIMILAR BACKGROUNDS

All statistics for Let's Get Ready students are determined through data from the National Student Clearinghouse and student outreach. Comparative statistics for students from similar backgrounds are determined via data from the National Center for Education Statistics.

Our virtual near-peer mentorship programs are impacting thousands of students in partnership with a diverse range of community-based organizations, colleges and universities, high schools and school districts across rural, urban and suburban geographies.

## SECONDARY EDUCATION PARTNERSHIPS

Our research-based model combines the passion and personal experience of current college students with the rigor and expertise of our professional staff. Our model is designed to maximize impact on college enrollment and attainment and minimize strain on school or community-based staff. When your institution partners with us, our near-peer mentors will keep students on track for college enrollment, provide SAT prep support as needed and help your students who are historically underrepresented achieve their college aspirations.

### SECONDARY EDUCATION LEADERS ARE LEVERAGING OUR NEAR-PEER MENTORS TO:

- Increase student SAT scores to maximize the college matching process
- Expose students to the full college application process and identify their biggest fit factors
- Ensure students submit college and financial aid applications in senior year
- Ensure students enroll in college and avoid "summer melt"
- Create a pipeline of support so their students have the resources, encouragement and peer accountability necessary to graduate from college
- Identify, assess, and escalate barriers to college enrollment and attainment before it's too late

### CHOOSE THE MODEL THAT MEETS YOUR NEEDS

#### COLLEGE ENROLLMENT MODEL

Your enrolled high school juniors and seniors will gain access to high quality SAT preparation without the expense of private services and our coaches will act as a triage system for high college advising caseloads.

#### COLLEGE ATTAINMENT MODEL

Enroll college-intending students in the spring of their senior year, and our near-peer coaches will build on the college advising investments you have made. With few leaders at the secondary education level able to provide robust support to their high school graduates, we can extend your existing pipeline of services through to college graduation.

**REGARDLESS  
OF WHEN YOUR  
STUDENTS JOIN  
OUR PROGRAM,  
WE GUARANTEE  
SUPPORT  
THROUGH UP TO  
6 YEARS OF  
COLLEGE**

## GETTING STARTED IS EASY, YOU'LL:

- WORK WITH OUR TEAM** to identify qualifying students from low-income communities and first-generation-to-college students, from any size community across the U.S and from any academic background
- COMPLETE OUR MOU** and data sharing agreement process to enroll students
- MEET WITH OUR TEAM** 2-3 times a year to review progress data

*"Let's Get Ready is a reliable support system for our students. They receive timely, relevant information from their mentors. Questions are answered and correct, individualized information is shared. Students are really given outstanding support in their college experience."*

— **ANN THIBOUTOT**, EARLY COLLEGE COORDINATOR, SOMERSET CAREER AND TECHNICAL CENTER

## OUR TEAM WILL TAKE CARE OF THE REST, INCLUDING:

- Hiring, screening, training and managing the near-peer Coaches
- Helping your students choose the level of support they need from our Coaches to ensure students have the right set of resources to apply to and graduate from college
- Providing best-in-class training and curriculum to Coaches through launch training and mid-year reflections, weekly supervision meetings, and monthly Coach meetings
- Ensuring Coaches are highly-engaged and proactively building relationships with your students
- Tracking student progress, providing data reports at least 3x a year and committing to continuous improvement as we monitor student success
