

LET'S GET READY

CELEBRATING
25 YEARS

This spring, Let's Get Ready is **Celebrating 25 Years** of providing students with the guidance and support needed to achieve their college aspirations, regardless of their background or academics. This milestone is incredibly important as we recognize our community of 15,000+ students and 35,000+ alumni who have both been through and continue to add to the LGR experience.

We are also excited to leverage this moment to acknowledge and deepen our relationships with corporate partners who are critical to sustaining and advancing the mission of LGR. There are several ways in which corporate partners can sponsor this celebration and engage meaningfully with the organization moving forward. Sponsors will be recognized throughout the **Celebrating 25 Years** campaign, particularly during our signature event that will take place in New York City on June 15, 2023.

The **2023 Celebration** will resume Let's Get Ready's signature annual event after a three-year hiatus due to the COVID-19 pandemic. We look forward to bringing our community together again to celebrate this organizational milestone.
